Heart of Fairfield Specific Plan Community Open House

Fairfield, California (Tuesday, November 3, 2015)—On Wednesday, November 18, 2015, the City of Fairfield will host a Community Open House to present ideas for the Heart of Fairfield Specific Plan. This Specific Plan focuses on Downtown Fairfield and the West Texas Street Corridor, the “Heart of Fairfield.”

At the open house, the consultant team will provide a brief overview presentation. Following the presentation, community members will be able to walk around Willow Hall and visit six informational stations, ask questions of staff, and present/record their ideas. The six stations are:

- Station 1. Development Strategy
- Station 2. Economic Development Incentives
- Station 3. Transportation and Mobility
- Station 4. Zoning and Land Use Changes
- Station 5. Design Guidelines and Development Prototypes
- Station 6. Implementation Actions

The workshop will provide opportunities for the public to provide City staff and the consultant team ideas and direction, which will be used to finalize the Heart of Fairfield Specific Plan.

For more information about the Heart of Fairfield Plan, please see the project website at www.fairfield.ca.gov/heartoffairfield

The workshop will be held on November 18, 2015, 6-8 p.m. in Willow Hall at the Fairfield Community Center, 1000 Kentucky Street, Fairfield.

A light dinner from local restaurants will be provided.

Please RSVP by email to info@heartoffairfield.com to let us know you will be attending, or, if you prefer, call Brian Miller, associate planner, at (707) 428-7446.

We look forward to seeing you there!
